Ho Chi Minh City (Saigon)

Ho Chi Minh City (HCM City), or Saigon as it is still known to many, is Vietnam's largest city with a growing population of around 7 million. This is a city on the go 24 hours a day, where everybody seems to be busy either buying, selling, studying, working or just enjoying themselves. Despite the fact that modern high-rise buildings have begun to dominate the skyline in recent years there are still many fine examples of French colonial architecture in Ho Chi Minh City such as the **Notre Dame Cathedral**, the **Old Saigon Post Office** & the former Hotel de Ville.

Saigon is a real **shopper's paradise** with modern shopping centers and trendy boutiques next to traditional street markets.

Our tour hosts will be well equipped to provide much flexibility to cater to your individual needs.
